LGBTQ IDEOLOGY

Will never march in a Gay Pride Parade.

While an MP, sponsored a petition calling for a moratorium on the surgical and chemical “transition” of gender-confused children under the age of 18.

Opposes the federal government’s “conversion therapy” ban, which is really meant to criminalize loving Christians who adhere to biblical sexuality, including parents and pastors, along with licensed therapists.

Good

PARENTAL RIGHTS

Believes that parents, not the government, should decide what children are taught with respect to moral issues.

Promised to “start a voucher system in which the dollar value placed on each student’s education in the public system goes to the school to which the parents choose to send them (private or public), or is given to the family if they choose to homeschool”.

Good

VACCINE MANDATES

Promised to repeal all COVID vaccine mandates and passports.

Note: All COVID vaccines currently available in Canada were produced and/or tested using cell lines from children killed by abortion. Consequently, ceercing Canadians who object to abortion-tainted injections, with the use of vaxports, to vioate their conscience, is wrong and unconstitutional.

Will ensure that unjustly fired workers who refused the abortion-tainted injections are reinstated and compensated for wages lost.

Promised to end the destructive lockdown policy.

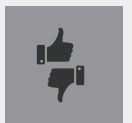

Good

DRUGS

No official position.
